Your Advisor's Experience

Ben completed his secondary schooling in 1993 and then commenced a Bachelor of Business (Accounting) at RMIT. He has recently completed a Diploma of Financial Services (Financial Planning) at Mentor education.

Ben initially trained as an accountant and is the Principal of an accounting practice in Ringwood Victoria. It was during this time Ben recognised a

need for his clients to obtain quality financial advice and he studied to become a financial planner. During this time, he operated a boutique financial planning practice. Ben has gained valuable experience advising hundreds of clients on a wide variety of financial planning issues. In September 2011 Ben established Evolve Financial Services as the financial planning arm of his accounting practice.

Cost of Advisory Services

The cost of an initial meeting to discuss your financial circumstances will be borne by our practice. At this meeting Ben will establish how he can assist you and gather the information required to prepare a financial plan.

Ben will discuss the fee basis with you and agree on the method of charging prior to proceeding.

Payment will be either by way of a fee based on a percentage of funds under advice or from the brokerage paid by the product issuers. A fee for portfolio preparation or if investment recommendations are not implemented may also be charged. Ongoing advice that includes portfolio reviews is charged on a percentage fee basis which varies according to the portfolio amount, complexity and structure.

The basis for the fee for the SoA will be agreed upon with you before any advice is provided or costs incurred. All other fees are fully disclosed in

the Statement of Advice and Product Disclosure Statement prior to any charges being incurred.

Fee Examples:

Example for Investment Products

If you invest \$100,000 the establishment fee will be \$2,750, of which \$137.50 is retained by Lifespan and \$2,612.50 is paid to Evolve Financial Services Pty Ltd. If you maintained the investment and assuming the balance of the investment remains at \$100,000, the annual portfolio management & review fee could be \$770 per annum, of which \$38.50 is retained by Lifespan and \$731.50 is paid to Evolve Financial Services Pty Ltd.

Example for Risk Products

If you take out a life insurance policy with an annual premium of \$1,500, assuming the highest commission for the Upfront Option is selected at 135%, the upfront payment to Lifespan would be \$2,025, of which \$101.25 is retained by Lifespan

and \$1,923.75 is paid to Evolve Financial Services Pty Ltd. The maximum ongoing commission for the Upfront Option is currently 15% per annum which would result in a payment of \$225 per annum for as long as the policy remains in force, of which \$11.25 is retained by Lifespan and \$213.75 is paid to Evolve Financial Services Pty Ltd. Where a level premium option is selected it could be as much as 33%, or \$495, of which \$24.75 is retained by Lifespan and \$470.25 is paid to Evolve Financial Services Pty Ltd.

This commission has what is called a 'responsibility period' imposed by the risk product issuer. This means that if the policy is cancelled within the first 1-2 years of inception commission is returned to the product issuer by Lifespan.

Referral Fees

Ben may pay the person who referred you to us a fee or commission in relation to that referral. If the referrer receives a fee or commission, we will tell you in the Statement of Advice who will receive that fee or commission and the amount they will receive.
